Sometimes I'm playing a role
Help me to cherish my own inner beauty.
May Your tender love calm the soul."*

And eagerly long to be whole.

Why be actively involved?

Evangelisation means bringing the Good News of Jesus into every human situation and seeking to transform individuals and society by the divine power of the Gospel itself. This is the very reason Jesus founded a community of believers.

Pope Francis has written in his recent teaching document The Joy of the Gospel that "by virtue of their baptism, all the members of the People of God have become missionary disciples. All the baptized, whatever their position in the Church or their level of instruction in the faith, are agents of evangelization, and it would be insufficient to envisage a plan of evangelization to be carried out by professionals while the rest of the faithful would simply be passive recipients."

"The new evangelization calls for personal involvement on the part of each of the baptized. Every Christian is challenged, here and now, to be actively engaged."

This is the context for an invitation to invite all parishioners to be an active member of our faith community.

Contemplation is.....

Opening wide the eyes of the heart, in order to read and discover the presence of the Lord deep inside people and things.
